Respectfully, J. C. PERRY,
*Passed Assistant Surgeon U. S. M. H. S.,*
*Chief Quarantine Officer for the Philippine Islands.*

The SURGEON-GENERAL,
*U. S. Marine-Hospital Service.*

*Cholera in Manila and other places in the Philippines to April 27, 1902.*

MANILA, P. I., *April 30, 1902.*

SIR: Continuing my report on cholera in Manila. I have the honor to transmit herewith tabulated statements showing the daily number of cases in Manila from date of last report to April 27, 1902, and the total number of cases in the provinces giving the towns infected, and those in which the disease has appeared since last report.

There is little if any change in the situation in Manila, as the daily number of cases remains practically the same, still the state of affairs at the expiration of five weeks since the epidemic commenced may be considered favorable.

The disease has increased in the provinces, but has not spread to any great extent, as the new towns in which the disease has appeared were infected from the adjacent centers.

Respectfully, J. C. PERRY,
*Passed Assistant Surgeon, U. S. M. H. S.,*
*Chief Quarantine Officer for the Philippine Islands.*

The SURGEON-GENERAL,
*U. S. Marine-Hospital Service.*

[Inclosures.]

*Cholera report of Manila for period from April 19 to April 27, 1902, inclusive.*

| Date. | Number of cases. | | | | | Total. | |
